

GLOBAL INDIAN INTERNATIONAL SCHOOL

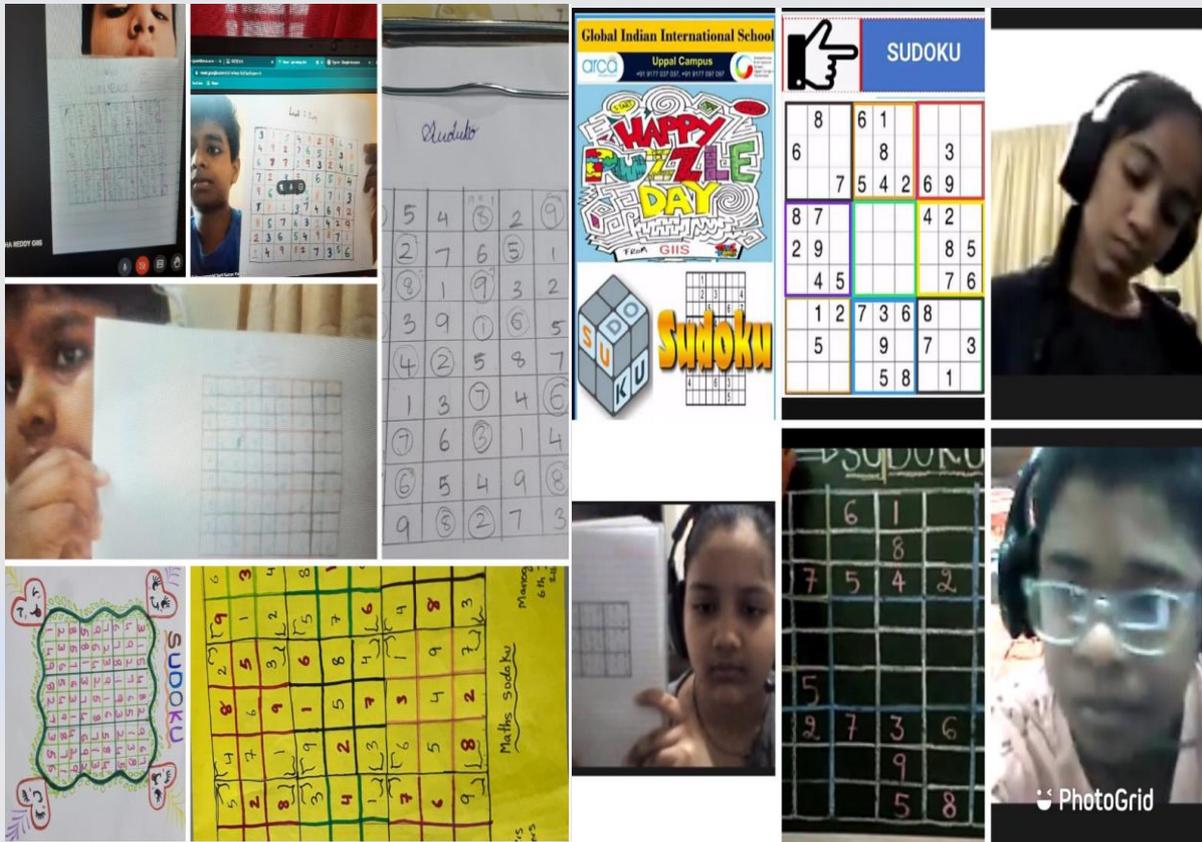

UPPAL, HYDERABAD

SUDOKU

10 August ,2021

As part of promoting and improving pattern discovery skills among school children, a remote Sudoku competition was organized by Mathematics Department for secondary grades in GIIS.

It was amazing to see these young champions in Sudoku solved puzzles with great accuracy and speed! Sudoku is a fun, Japanese puzzle game that requires the player to fill in the 9x9 square grids with the numbers one to nine. An exceptional team work was witnessed in this competition, the objective of the event was to build our learners' critical thinking skills and confidence in their abilities to complete challenging tasks. Learners showcased their extraordinary talent by participating in this Sudoku competition thereby making the atmosphere pleasant.
